BOOKTALK:

"All I needed was the money. And the gun. And then to hit the trail running" (2). With the old man behind him and Dutch John and Joseph's pony Sarah already hours gone, Joseph begins his fearless, relentless mission to get his "sweet Sarah" back. Escaping from the old man proves to be the easiest part of the quest, though. With his new-found friend Ah-kee, Joseph faces down an angry grizzly bear, loses his pants, delivers a baby, ties up a horse thief, and more. Throughout the journey, the memories of his mother and sister, dead from typhoid, and his father, killed in a bizarre accident, guide Joseph to follow his father's advice: "If there's something that's got to be done, then the thing to do is just buckle down and do it as best you can" (88). But will doing his best be enough to get back his "sweet Sarah"?

An interview with the remaining sibling of Hans and Sophie Scholl.

BOOKTALK:

The end of the story of Hans and Sophie Scholl and the other members of the White Rose Society is really a beginning. The college students in Nazi Germany have started a resistance movement that Hitler and the Gestapo cannot stop with arrests and the guillotine. With just a typewriter and paper, the brave group of friends inspire others to, as Sophie tells the judge who will determine whether she lives or dies, to overcome their fears and say what is true. “I would do it all over again – because I am not wrong” (72).

Twelve year old Annabelle lived a simple yet idyllic life in a rural Pennsylvania town during World War II. This all changed the day Betty Glengarry moved to town to stay with her grandparents. Betty slowly begins to manipulate, lie and bully her way through each day. Her bullying takes a serious turn when she makes false accusations against Toby, a recluse and World War I veteran. BOOKTALK:

“The year I turned twelve I learned how to lie. I don't mean the small fibs that children tell. I mean real lies fed by real fears – things I said and did that took me out of the life I'd always known and put me down hard into a new one.” These are the words of Annabelle, spoken in the autumn of 1943, in a small Pennsylvania town. This is the year that Annabelle faces bullying at its worst. This is the year that Annabelle faces death and grief. But this is also the year that Annabelle digs down deep and learns the power of her own voice and a supportive family.
